NOTE FOR: Director of Central Intelligence

Judge:

Ambassador Walters approached one of our officers on the occasion of the 40th Anniversary ceremony and asked if we could provide him a copy of the Senate Watergate hearings in 1973 when he (Amb. Walters) testified. At that time he was the DDCI.

Enclosed are two tapes covering his testimony. I am forwarding them to you because you may wish to convey them to the Ambassador, personally or send a note to him with them.

They are unclassified.
